About the Author

Leslie Grimm, Ph.D., has designed and programmed many award-winning TLC learning games, among them Bumble Games and Gertrude's Secrets. With more than a decade of experience in working with children, Dr. Grimm began creating learning software to utilize the power of the microcomputer as a child's learning tool. Prior to programming for The Learning Company, Dr. Grimm earned degrees from Stanford University and the University of Washington.

The Learning Company is widely regarded as the pioneer in computer learning software. The company was founded by educational psychologist Dr. Ann Piestrup and the roots of the company remain grounded in educational theory. All TLC software programs are evaluated by its team of educational authorities and are extensively tested with children for their playful format and learning value. The company remains committed to providing children with software that teaches conceptual learning, logic and problem solving — skills that are needed for the computer age.

MOPTOWN PARADE

Help your child develop thinking skills in the fantasy world of Moptown. In seven progressively challenging games, children (ages 6-10) learn problem-solving skills by strategically arranging colorful Moppet characters.
